

Reconciliation of Non-GAAP Financial Measures

Non-GAAP Financial Measures Reconciliation

This presentation contains reconciliations of G&W's adjusted income from operations, adjusted operating ratios, adjusted diluted earnings per share, combined company revenues and combined company same railroad average revenues per carload which are "non-GAAP financial measures" as this term is defined in Regulation G of the Securities Exchange Act of 1934. In accordance with Regulation G, G&W has reconciled these non-GAAP financial measures to their most directly comparable U.S. GAAP measure.

Adjusted Income from Operations and Adjusted Operating Ratios Description and Discussion

Management views Income from Operations, calculated as Operating Revenues less Operating Expenses and Operating Ratios, calculated as Operating Expenses divided by Operating Revenues, as important measures of G&W's operating performance. Because management believes this information is useful for investors in assessing G&W's financial results over a period of time, the Income from Operations and Operating Ratios for the three months ended June 30, 2013, used to calculate Adjusted Income from Operations and Adjusted Operating Ratios, are presented excluding RailAmerica acquisition/integration costs and net gain on sale of assets. The Income from Operations and Operating Ratios for the three months ended June 30, 2012, used to calculate Adjusted Income from Operations and Adjusted Operating Ratios, are presented excluding net gain on sale of assets, gain on insurance recoveries and business/corporate development expenses. The Income from Operations and Operating Ratios for the guidance for the three months ended June 30, 2013, used to calculate Adjusted Income from Operations and Adjusted Operating Ratios, are presented excluding RailAmerica acquisition/integration costs. The Adjusted Income from Operations and Adjusted Operating Ratios presented excluding these effects are not intended to represent, and should not be considered more meaningful than, or as an alternative to, the Income from Operations and Operating Ratios calculated using amounts in accordance with GAAP. Adjusted Income from Operations and Adjusted Operating Ratios may be different from similarly-titled non-GAAP financial measures used by other companies.

Non-GAAP Financial Measure Reconciliation

The following table sets forth a reconciliation of G&W's Income from Operations and Operating Ratios calculated using amounts determined in accordance with GAAP to Adjusted Operating Income and Adjusted Operating Ratios as described above for the three months ended June 30, 2013 and 2012 and the guidance for the three months ended June 30, 2013 (\$ in millions):

Adjusted Combined Company Revenues

Description and Discussion

Management views Revenues as an important financial measure of G&W's operating performance. Because management believes this information is useful for investors in assessing G&W's financial results, compared with the same period in the prior year, the Revenues for the three months ended June 30, 2012, used to calculate Combined Company Revenues, are presented including the elimination of non-freight revenues earned during the three months ended June 30, 2012 by a subsidiary of RailAmerica for work performed for subsidiaries of G&W and reclassifications of certain revenues of RailAmerica to align with G&W's accounting policies. The Combined Company Revenues presented including these adjustments are not intended to represent, and should not be considered more meaningful than, or as an alternative to, Operating Revenues calculated using amounts in accordance with GAAP. Combined Company Revenues may be different from similarly-titled non-GAAP financial measures used by other companies.

Non-GAAP Financial Measure Reconciliation

The following table sets forth a reconciliation of G&W's and RailAmerica's Revenues calculated using amounts determined in accordance with GAAP to Combined Company Revenues as described above for the three months ended June 30, 2012 (\$ in millions):

Three Months Ended June 30, 2012	G&W As Reported	RailAmerica As Reported	Eliminations/ Adjustments (a)	Combined Company
Freight revenues	\$ 154.2	\$ 113.6	\$ (2.1)	\$ 265.7

- (a) Includes the elimination of non-freight revenues earned during the three months ended June 30, 2012 by a subsidiary of RailAmerica for work performed by various subsidiaries of G&W and reclassifications of certain revenues of RailAmerica to align with G&W's accounting policies.

Combined Company Same Railroad Average Revenues per Carload Description and Discussion

Management views Average Revenues per Carload as an important financial measure of G&W's operating performance. Because management believes this information is useful for investors in assessing G&W's financial results, compared with the same period in the prior year, the Average Revenues per Carload for the three months ended June 30, 2013, used to calculate Combined Company Same Railroad Average Revenues per Carload, are presented excluding operating freight revenues from Marquette Rail LLC, which RailAmerica acquired on May 1, 2012, and the Columbus & Chattahoochee Railroad, Inc., which G&W commenced operations on July 1, 2012. The Average Revenues per Carload for the three months ended June 30, 2012, used to calculate Combined Same Railroad Average Revenues per Carload are presented including adjustment of carloads and reclassifications of certain revenues of RailAmerica to align with G&W's accounting policies. The Combined Company Same Railroad Average Revenues per Carload presented excluding these effects are not intended to represent, and should not be considered more meaningful than, or as an alternative to, Average Revenues per Carload calculated using amounts in accordance with GAAP. Combined Company Same Railroad Average Revenues per Carload amounts may be different from similarly-titled non-GAAP financial measures used by other companies.

Non-GAAP Financial Measure Reconciliation

The following table sets forth a reconciliation of G&W's Average Revenues per Carload calculated using amounts determined in accordance with GAAP to Combined Company Same Railroad Average Revenues per Carload as described above for the three months ended June 30, 2013 and 2012(\$ in millions except average freight revenues per carload):
